

March 28, 2008

Transit Point Location Change

To Chief Operations Officers of All Check Services Customers in the Birmingham Territory:

Effective April 28, 2008, the Federal Reserve transit point in Birmingham will be relocated as follows:

Current:

Courier Express
3000 Commerce Square South
Birmingham, AL 35210

New:

Commercial Express at the Mini Warehouse
2824 5th Ave. South, Unit #333
Irondale, AL 35210

All deposits made on Saturday, April 26, 2008, before the 10:00 a.m. ET deadline, should be taken to the Courier Express location and delivered to Courier Express personnel or placed in the designated lockbox.

Any deposits that miss the 10:00 a.m. ET deadline on Saturday, April 26, 2008, should be held until the following Monday. Beginning that Monday morning, customers will make all pickups and drop-offs at the Commercial Express facility. Please note that if a pickup is not made on Friday, April 25, 2008, at the Courier Express facility it should be picked up Monday, April 28, 2008, at the Commercial Express facility. Additionally, the lockbox will be relocated to the new facility over the transition weekend, and may not be available at the new location until Monday, April 28, 2008. Please do not attempt to make deposits to the lockbox on Saturday after the 10:00 a.m. ET deadline or on Sunday, April 29, 2008. Since the same lockbox will be used at the Commercial Express facility as was used at Courier Express, no new lockbox keys will be necessary.

The new transit point is located less than a mile away from the current one, and will continue to be physically manned for one hour before each deposit deadline. Transit point personnel will also be available at both the morning and afternoon pickup times. All customers who drop off work earlier than one hour before a deadline will be required to place their work in the lockbox located at the transit point facility.

We recommend that you alert your courier about the new transit point location as soon as possible. If you have any questions about the transit point or deposit and pick-up procedures, please contact your account executive.
