Your institution agrees to the terms of Appendix F2 of Operating Circular 4, as amended from time to time.

The RDFI Alert Service (Service) is accessed and administered online through FedACH Information Services on FedLine Web[®]. If your institution does not access FedLine Web or FedLine Advantage[®], or if your institution has multiple RTNs using the Service, your institution can designate a Service Participation Point from which the Service can be accessed and administered on behalf of your institution's subscribing RTNs. To designate a Service Participation Point, use the Designation of Service Participation Point form (Part 6E).

If each of your institution's subscribing RTNs will access and administer the Service using its own electronic connection then your institution does not need to designate a Service Participation Point.

If your institution is deleting the Service and it previously designated a Service Participation Point for the RTN that is no longer subscribing to the Service then, with respect to the Service, your instruction on this form serves to revoke the Service Participation Point and any agency authorization associated with the Service Participation Point.
