Elimination of City Zone in Restructured Reserve Bank Offices

As announced on November 1, 2007, the Federal Reserve Banks will eliminate the city zones in restructured offices and move these items to RCPC. This change is effective July 1, 2008. A list of offices impacted by this change is included with this announcement.

As a result of this change:

- There will no longer be any city work-type designations for Birmingham forward and return items. These items can be deposited in any existing forward and return mixed and RCPC products except for RCPC group sorts.
- Endpoints will be mapped to current RCPC pricing tiers as follows:

Tier 1 City to Tier 1 RCPC
Tier 2 City to Tier 2 RCPC
Tier 3 City to Tier 3 RCPC

- There will be no tier assignment changes for city items deposited in Mixed and Other Fed cash letters that are drawn on other restructured offices impacted by this change. However, availability for these items may be different. Please refer to the Credit Availability schedule for the Birmingham office to determine any availability changes. The availability schedules can be found at FRBservices.org/servicefees/check_services.html. These items can continue to be included in Nationwide City Sort, but credit availability may be deferred one additional day.

Revised credit availability fee schedules reflecting these changes will be posted to FRBservices.org by May 1, 2008. In the meantime, if you have any questions, please contact your account executive.

The Financial Services logo is a registered service mark of the Federal Reserve Banks. A complete list of marks owned by the Federal Reserve Banks is available at FRBservices.org.

District	Office	New RCPC Routing Number Designation*	Processing Office
