# How To: Gaining Access to MyStandards®

1. To obtain access to the Federal Reserve Banks' MyStandards web portal, you need to create a swift.com account. If you already have a swift.com account, you do not need to register again.
2. To create an account, follow the process described below after clicking this link.
3. Fill in your information as part of the User Registration.
4. Click submit to finish your account creation. The green box will appear with further instructions to confirm your account creation.
5. An email will be sent as part of the final step of your account creation. Click the link in the email and you will be brought to a screen to confirm you accept the Terms of Use and Privacy Statement.
6. Your account creation will be confirmed.
7. Upon your first successful login, you will be prompted to set up the 2-step verification. Select your preferred choice of verification channels and proceed.
8. Login a final time to complete the registration process.
9. Click the Federal Reserve Banks' link and request access to the FedNow^{SM} Service ISO® 20022 Message Specifications.
10. Access is available to any user with a valid email address

Please note:

MyStandards is a standards management tool operated by SWIFT and is not owned by the Federal Reserve Banks. Federal Reserve-issued credentials (i.e. FedLine®) will not work on the MyStandards website.
