Review Changes to Operating Circulars, Effective June 30, 2016

Effective June 30, 2016, the Federal Reserve Banks are amending Operating Circular 5, *Electronic Access*, by adding an information security appendix. This new Appendix A is intended to serve as a consolidated location of information security responsibilities of the Reserve Banks and of Reserve Banks' financial services and electronic access customers.

Conforming revisions are also being made to Operating Circular 4, *Automated Clearing House Items*, Operating Circular 6, *Funds Transfers Through the Fedwire® Funds Service*, Operating Circular 7, *Book-Entry Securities Account Maintenance and Transfer Services*, and Operating Circular 12, *Multilateral Settlement*. The amendments to Operating Circulars 4, 6, 7 and 12 are also effective June 30, 2016.

Continued use of Federal Reserve Bank services on or after June 30, 2016, constitutes agreement to the revised terms of Operating Circular 5 (including new Appendix A), as well as to the revised terms of Operating Circulars 4, 6, 7 and 12 (including their revised appendices).
