## **Accelerated Imaged Returns Delivery Service**

Effective October 1, 2015, the Federal Reserve Banks will offer an Accelerated Imaged Returns Delivery service to all FedReceipt<sup>®</sup> Plus Returns customers. This service provides the opportunity for a bank of first deposit (BOFD) to receive some of their incoming returns earlier than they do today, which may help address the risk of releasing funds before a returned item is received.

The service is similar to the Courtesy Delivery service available to FedReceipt Plus Forward customers. BOFDs subscribing to the Accelerated Imaged Returns Delivery service will choose a delivery time between 7 p.m. ET and 1 a.m. ET for the delivery of their *first* FedReceipt Plus Returns file of the business day. Items received by the Federal Reserve Banks after the first file has been sent will be delivered at approximately the same time as FedReceipt Returns files are delivered today.

An updated [fee schedule](#) and [Check 21 Services Agreement](#) have been posted on FRBservices.org. For additional information, please contact your [account executive](#).
