

Same Day ACH Resource Center Available

January 29, 2016

To help ACH network participants prepare for the September 23, 2016 implementation of the *ACH Rules* change regarding Same Day ACH, Federal Reserve Financial Services has created a resource center devoted to hosting related information.

The [Same Day ACH Resource Center](#) provides relevant information in one centralized location. It contains helpful FAQ, processing schedules, links to NACHA resources and is an evolving resource that will be updated as new information becomes available.

The center can be reached directly from [its URL](#) or by navigating from the Resource Centers and FAQ left-hand dropdown menu on the [FRBservices.org home page](#). You may want to bookmark the resource center page so you can return often to check for updates.

If you wish to discuss FedACH Services, including information notification and reporting services such as the [FedPayments[®] Reporter Service](#) or the [suite of FedACH Risk[®] Management Services](#), please reach out to your [account executive](#).
