

Federal Reserve Bank FedLine Direct® Message Connectivity Test Request

Internal FR
(Upon receipt by the Federal Reserve Banks)

FRBservices.org

The FedLine Direct® Message Connectivity Test is the validation of connectivity through “round trip messages” between the customer’s IBM® MQ server and the Federal Reserve Banks’ MQ server. The “round trip messages” may be executed by using a script the Federal Reserve Banks have provided to your institution or by manually placing a message onto a test queue strictly used for connectivity testing.

Request lead time requirements:

- A Depository Institution Testing (DIT) environment test request must be submitted to the Customer Contact Center 10 business days prior to the requested date.
- A production environment test request must be submitted 15 business days prior to the requested date.

Section 1 – Contact Information

***Required Fields**

9-Digit Depository or Authorized Institution Routing Number*			
Financial Institution Name*			
EUAC Name*	<i>First</i>	<i>Middle Initial</i>	<i>Last</i>

Zip Code*			

Requested By (if different than EUAC above)	<i>First</i>	<i>Middle Initial</i>	<i>Last</i>
Telephone	<i>Phone</i>		<i>Extension</i>
Email Address			
Street Address			
City			
State			
Zip Code			

FedLine Direct® Message Connectivity Test Request

Section 2 – Services

Please indicate the service(s) for which your institution will be validating connectivity.	
Services* <i>Check all that apply</i>	<input type="checkbox"/> Fedwire® Funds Service <input type="checkbox"/> Fedwire Securities Service <input type="checkbox"/> National Settlement Service

Section 3 – Environment

Please indicate the environment you will test in.	
Environment* <i>Check one only</i>	<input type="checkbox"/> Test (DIT) <input type="checkbox"/> Production

Section 4 – Primary Site Information

Indicate the date and time you would like to perform connectivity testing at your primary site. Please note that the date selected must accommodate the lead time requirements on page 1. DIT environment connectivity testing may be scheduled Monday through Saturday. See the Depository Institution Testing (DIT) Environment page on FRBservices.org for details. Production environment connectivity testing must occur while Fedwire Services are closed. Weeknight testing begins at 6:30 PM ET and ends at 8:30 PM ET. Saturday testing begins at 10:30 AM ET and ends at 4:30 PM ET. For more information about Production environment testing and a link to a schedule of Saturdays available for Production testing, see the Fedwire® Services Production Environment Test page on FRBservices.org.	
Date*	
Time*	

Provide the router name and Queue Manager information at the primary site.	
Router Name*	
City*	
State*	
Queue Manager Name*	
Last Octet of FRB Assigned IP Address*	(e.g. X.X.X.123)

FedLine Direct® Message Connectivity Test Request

Section 5 – Alternate Site Information

Indicate the date and time you would like to perform connectivity testing at your **alternate** site. Please note that the requested date must accommodate the lead time requirements on page 1.

DIT environment connectivity testing may be scheduled Monday through Saturday. See the [Depository Institution Testing \(DIT\) Environment](#) page on FRBservices.org for details.

Production environment connectivity testing must occur while Fedwire Services are closed. Weeknight testing begins at 6:30 PM ET and ends at 8:30 PM ET. Saturday testing begins at 10:30 AM ET and ends at 4:30 PM ET. For more information about Production environment testing and a link to a schedule of Saturdays available for Production testing, see the [Fedwire® Services Production Environment Test](#) page on FRBservices.org.

Date*	
Time*	

Provide the router name and Queue Manager information at the alternate site:

Router Name*	
City*	
State*	
Queue Manager Name*	
Last Octet of FRB Assigned IP Address*	(e.g. X.X.X.123)

Please email this completed form to the Customer Contact Center’s FedLine® Project Management Team.

Email to ccc.ci.support@kc.frb.org.

If you have questions when completing this form, please call **(888) 881-6700, option 2.**
